SUMMARY

Aspiring MERN Stack Developer and Software Engineer with a strong foundation in web technologies. Completed one internship and worked on projects that improved my practical coding skills. Passionate about building scalable, user-friendly applications and growing as a developer.

EDUCATION

Master of Computer Applications (MCA) – Ongoing 2025 - 2027
Dr. Babasaheb Ambedkar Marathwada University(BAMU)

Bachelor of Computer Applications (BCA) 2022 - 2025
J.E.S College, Jalna

SKILLS

C | C++ | Java | JavaScript | HTML5 | CSS3 | PHP | React | Node.js | Express.js | MongoDB | MySQL | Git | Bootstrap | Tailwind CSS | REST API

EXPERIENCE

MWD | Web Development Intern Sep 2024 - Dec 2024

Worked on WordPress website development and customization for client projects, with hands-on experience in front-end design, responsive UI, performance optimization, and debugging while collaborating with the team to deliver quality projects on time.

Web Bird | Web Developer & SEO Intern Nov 2025 – April 2026

Working on website development and SEO with equal focus, including responsive website building, UI development, performance optimization, on-page SEO, content structuring, and basic technical SEO. Contributing to improving website functionality, user experience, and search engine visibility through both development and SEO efforts.

PROJECT

Feb 2025

GrowStudy

A study management web application built using React, Node.js, Express, and MySQL, designed to help students plan daily, weekly, and monthly tasks with notifications and an interactive dashboard for better productivity and organization.

AREA OF INTEREST

- Web Development
- Software Development and Problem Solving
